# DEXTER ELEMENTARY SCHOOL School Improvement Plan (SIP)

**Schoolwide Strategic** SIP Schoolwide Strategic Planner (Comprehensive Support/Targeted Support: PAI 1 and 2) Planner (SWP) **Planning Tools Self-Assessment** Rubric **Root Cause Tools** (SIOT) **Action Plan & Short-**Planning and Monitoring Management (Short-Term Cycles) **Term Monitoring** & Monitoring **Disaggregated Data Tools** TSI Subgroup Progress Monitoring (Medium- & Long-Term Goals) (CSI/TSI Subgroups) **Schoolwide Strategic** Culture & Climate 3rd Strategy **Optional** (Required for Priority: PAI 3) Planner (C/C Planner) **Supporting Tools SIOT Analysis Root Cause Tools** 

(stakeholder input)	Stakeholder input for the SIP occured in PLC grade level meetings, Leadership meetings, Title I Annual Parent meeting, and Family Survey results.
SIP Team Members	

#### SIOT (Strengths, Improvements, Opportunities, and Threats)

# While using your previous SIP and relevant data (NWEA, IREAD-3, MySchool Survey, Panorama, Big 5 Reports, GTIC, etc), answer the following questions: 1. List school's primary strengths and areas of improvement from the previous SY - forces or barriers working for or against the School Improvement Plan implementation (SIP).

- 2. List school's key opportunities and threats from the previous SY loites of barriers working for or against the School improvement Plan implementation (SIP).

  2. List school's key opportunities and threats from the previous SY loites of barriers working for or against the School improvement and implementation. SY loites of barriers working for or against the School improvement and improvement strategies for the current SY?

  4. Are there any opportunities we can take advantage of because of a strength?

  5. Are there any threats compounded by a weakness?

Analysis of Previous SY											
Strengths	Areas of Improvement	Questions for Reflection									
Increase in Panorama - 3-5 students feel that their teacher is respectful towards them (87% from Spring '23 Panorama survey) - 3-5 students emotional regulation up 2% from 76% to 78% (Spring '23 Panorama survey) - 3-5 students school safety up 6% from 52% to 58% (Spring '23 Panorama survey) - 3-5 students rigorous expectations up 2% from 76% to 78% - Students have access to the self-reg room throughout the day (Student Focus Group Response) - Students feel teachers are encouraging (Student Focus Group Response) Year 4 of EL Implementation Parent interest has increased New math curriculum Coach entering second year	- 3-5 Students' Sense of Belonging, Question: "How much do you feel like you belong at your school? is down 9% from 71% to 62% (Spring '23 Panorama survey) - Decrease the number of supensions K-2 Teacher Question, "Student can wait his/her turn even when they really want something" is down 16% from 79% to 63% - Teacher/Student Relationship, Question: "If you walked in upset, how concerned would your teacher be? is down 4% from 73% to 69% - Get training for all staff, including assistants, paras, etc Teachers greet students at the door each morning - Parent communication from SIOT - LINKED HERE	Strengths: What are your school's primary strengths? What data supports these strengths? What data supports these strengths? What knowledge, skills and mindsets do you have that can help you with successful implementation of your school improvement plan? What resources do you have available? What is your greatest achievement?  Improvements: What are your school's primary areas for improvement? What data supports the need for improvement? What knowledge, skills, and mindsets are you missing? What should you stop/avoid doing? In what areas do you need more training?									
Opportunities	Threats	Questions for Reflection									
- 7:35-8:00 is an opportunity to train staff members, have quick touchpoints, K-5 staff meetings - Full-social worker, GAIN support specialist, and counselor on staff - Common SEL time - Having an extra reading instructionalist - Instruction Partners - District support - Activators - Opportunities for students to lead - EQUITY! Every incoming 5th grader assigned a leadership role Parent interest has increased New math curriculum Coach entering second year	- Fixed mindset - New math curriculum on top of EL's pacing being adjusted - Uncovered classrooms - Staffing shortages - Students not getting their Tier 2 interventions	Opportunities: What opportunities are present to impact successful school improvement plan implementation? What is going on around you that seems to be useful? What district resources are available to support your work? What could be done today that isn't being done? Who can support you and how?  Threats: What obstacles might impact your school improvement plan implementation? What political, economic, social, technological, demographic or legal trends might impact your school improvement plan implementation? Are there any standards, policies, and/or legislation changing that might negatively impact you?									

- 1. The work with Instruction Partners has helped provide a deeper lens of Equity. What does this mean for Dexter? How can we ensure our practices are equitable for all learners?
- 2. The Activator/Leadership team needs to be leveraged to build capacity

## Schoolwide Planner (Required for All Schools)

#### 1. Vision

1a. District Vision: Empowering our students to thrive in life.

1b. School Vision: All students experiencing high levels of learning.

#### 2. Mission

2a. District Mission: Preparing every student to excel in our global society through world-class learning experiences.

2b. School Mission: Strategically monitoring student learning to better inform instructional decisions.

#### Subgroup Focus (CSI/TSI): TSI - black and special education

#### 3. Why is this our current reality?

3a. Root Findings: [1]	3b. Data Sources: [2]
New teachers did not have enough pd around the skills block component.     Data walls were not utilized frequently to impact instruction.     Materials/instruction was not always strategic or intentional in meeting student needs.     Follow up with expectations was not consistent.     Data protocols were not utilized in all grade levels.     Small groups were not happening consistently.	Dexter did not meet 3 out of 4 benchmarks from Strategy 1: Teachers will intentionally monitor student learning in real time and adjust instruction accordingly.
Gaps from foundations/skills are carrying over into third grade.     Lack of communication from 2nd grade teachers to 3rd grade teachers about student readiness/needs.     Lack of opportunity for all students to practice all IREAD components     Heggerty resource was not utilized.	2. 56% passing IREAD
Sth grade students were not exposed to all content.     Small groups did not happen.     ALL Block was not consistent.     Math: did not have a viable curriculum.     Lack of consistent feedback cycles for teachers and students.     NWEA data not directly used for informing student instruction. Data not visible to teachers.	3. Overall 13.8% Proficient ELA, Overall 19.8% proficient Math
4.	

## 4. What are we going to do about it?

4a. Strategy/Intervention #1:

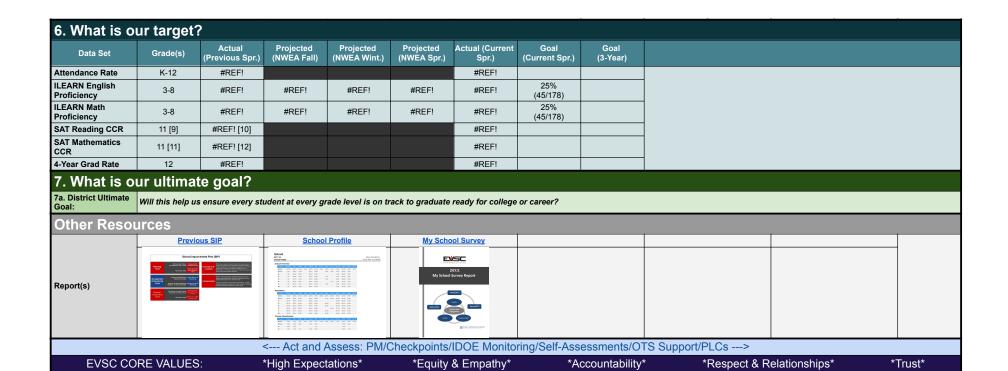

Teachers will analyze student data from common assessments and provide targeted small group instruction.

Teachers will implement Eureka Math Squared with fidelity.

#### 5. How will we know if it's working?

	SIP Requirements
Curriculum and Interventions	EVSC curriculum and interventions align with Indiana Academic Standards. Primary resources: Reading/ELA: Open Up Resources (Science of Reading aligned) and Zaner Bloser HW (gr. 3), Math: Eureka Math Squared, Science: Mystery Science, Social Studies: Discovery Ed/EVSC Curriculum, Visual arts, music, health and physical education: EVSC Curriculum resources; Interventions: IXL, 95%, Just Words, Orton Gillingham Complete list of EVSC curriulum is available on the EVSC website under Academics.
Assessments (in addition to state assessments)	NWEA Computer Adaptive Assessment (Benchmark) is given to all K-10 students three times per year to identify students' instructional level and monitor student growth. PSAT (Benchmark) is administered to 8th and 9th grade students to align interventions and prepare for PSAT (gr. 10) and SAT. Achieve 3000 (Benchmark) is administered to grades 6-8 to identify instructional reading level and monitor growth. Students in grades K-2 are screened to determine tendencies of dyslexia (common formative) and students in K, 2, 4 and 7 are screened or assessed to determine eligibility for high ability services. Gr. 2 take early IREAD to determine need for support. Common formative and summative teacher or curriculum developed assessments aligned with Indiana Academic Standards are available within the EVSC curriculum.
Instructional Program	MTSS (Multi-tied System of Support) model: Tier I: high expectations for academic achievement are made clear and supported with scaffolding and resources using a variety of instructional strategies to meet diverse needs of students.  MTSS multi-faceted team considers student data to evaluate, monitor and identify most in need students who require support in mastering grade level content or students who demonstrate advanced levels of achievement. Tier II or III supports provide evidence-based strategies and the team monitor progress to adjust supports as needed. The MTSS team also considers factors that inhibit academic achievement including attendance and work to put strategies in place for individual student improvement.
Coordination of Technology	EVSC provides robust support for integration of technology into the instructional program with professional development and training for teachers and staff, and dedicated technology specialists who support staff and infrastructure.
Career Awareness and Development	EVSC counseling curriculum and services are based on the ASCA model and includes career-focused classroom lessons at all levels as well as a variety of integrated opportunities including career fairs, job site tours, career based clubs, guest speakers and a robust offering of CTE courses.
Safe and Disciplined Environment	GAIN (Growth in Academics through Neuroeducation) provides professional development for staff and GAIN Self-Reg curriculum to support students in the development of self-regulation and future-ready skills that lead to academic success, career readiness, and ability to contribute positively to their communities. The MTSS team work with students who need additional Tier II and Tier III support to be successful. School rules and attendance, discipline and bullying policies are accessible on the EVSC website.
Cultural Competency	Teachers utilize information from all students about their cultural heritages and incorporate this knowledge into classrooms in sensitive and useful ways that enhance learning for all students.
Attendance	EVSC Core Attendance Task Force works with schools to support schools to proactively improve attendance. The Truancy Roundtable works with community partners including the court system to put strategies in place to address chronic absenteeism. The school MTSS team address attendance as an obstacle to academic achievement and monitor data, determine need and strategies and monitor progress.
Parent and Family Engagement	District Family and Community Engagement (FACE) Team work with schools to support asset based two-way communication, cultivate trust and relationships, and support equity-focused family engagement with academic excellence for all students as the goal.
Secondary Schools	EVSC offers a wide variety of advanced placement, dual credit and advanced Career and Technical Education opportunities and students are encouraged through academic counseling services to seek advanced coursework. All course offerings are available on the EVSC website under Academics, Curriculum, HS course catalog.

	Title 1 Schoolwide Additional Inform	School
Schoolwide Reform Strategies Strategies to address the needs of all students Effective Timely Assistance	EVSC implements an MTSS model of support. All students receive Tier I core instruction with robust expectations with scaffolding and resources to support academic achievement. There is a clear, data driven process for Tier II and Tier III identification (K-8), and evidence based reading and math intervention support based on need. All primary grade teachers (K-2) are trained in LETRS, a scientifically based approach to reading instruction. GAIN (Growth in Academics through Neuroeducation) provides regular professional development and technical assistance for staff. Tier I GAIN Self-Regulation curriculum supports students in development of skills leading to academic success. GAIN Support Specialists work with school teams to utilize data to identify students who need additional supports and develop plans for evidence-based Tier II and III supports. Each school with elementary grades has at least one teacher being trained in Science of Reading certification through Mount St. Joseph University.	Dexter implements an RTI model (MTSS) of support for students including instruction and GAIN. All students have support for Tier I core instruction, a clear, data driven
Assessment (SW model of teacher inclusion in decision model	EVSC implements Professional Learning Communities and teachers have embedded, protected time during the day to meet. Teacher teams regularly review student data (individual, class and grade) to plan for and adjust instruction to move all students to mastery of standards. PLCs determine need for remediation or enrichment or refer students to the MTSS team for additional support.	PLCs meet a minium of 4 days per week. Grade levels intentionally monitor students data and then analyze NWEA and formative assessment data in order to adjust instruction and review key components of the math and reading curriculums. Dexter's Mentor Teacher & administrators collaborates with PLCs weekly to offer PD on SIP strategies and assist with data analysis.
Transition (Pre-K and Middle/HS) (Assist Preschool children in transition to elementary school, students to MS/HS)	For any students attending EVSC pre-K programs, Kindergarten teachers will have access to GOLD assessment reports for individual children. The Director of Early Learning Initiatives regularly collaborates with appropriate Headstart leadership to encourage ongoing transition of students from Headstart to Kindergarten. Parent information and support is readily available for parents of students entering Kindergarten through multiple sources including district website, social media, schools and community agencies. Schools host family nights for new students transitioning to the school. School attendance district feeder schools plan and coordinate activities to support successful transition to middle and high school.	During the spring, Pre-K students have the ability to visit Kindergarten classrooms at Dexter. During these visit Kindergarten teachers are able to review behaviorial and academic expectations with Pre-K students.
Increase Learning Time	EVSC provides a robust summer program for students in Title I schools that prioritizes most in need K-8 students. The summer program utilizes evidence based practices and provides reading and math curriculum with a STEM focus. EVSC provides a district Early Learning program for most in need students and prioritizes students who live in a Title I school elementary attendance district for enrollment. 21st Century schools provide additional after school learning opportunities for students.	
Schoolwide Plan (District technical support, grant activities, monitoring, evaluation)	Chief Administrative Officials meet with building administrators and leadership team at least 2 times per month to monitor the SIP implementation and results, adjust action planning and short term monitoring based on data. The Superintendent and district executive leadership team meet two times per year with school administrative teams to review data, SIP goals, strategies and action plans and to determine ways to support school level implementation of SIPs. The Director of Title I Support works with schools to ensure monitor Title I required grant activities.	
High quality, on-going Professional Development	EVSC implements a job embedded coaching model to support teachers in improving instruction and meeting the needs of all students. Teachers particpate in PLCs and summer PD opportunities to learn new strategies, skills and curriculum. Chief Administrative Officers work directly with Title I principals to provide coaching and on-going professional development. Paraprofessionals receive training based on their specific role.	
Recruitment and Retention (Recruitment and retention of effective teachers - high needs subjects)	EVSC Executive Director of Human Resources and the Assist. Superintendent of Talent collaborate with higher education partners to recruit HQ staff to Title I schools. HR prioritizes offers for early contracts to new hires in Title I schools and hires Flex teachers to work in Title I schools prior to placement. Teachers in Title I schools receive additional compensation based on teaching in a high needs school. Human Resources staff work directly with certified staff holding emergency licensure to expedite transition to HQ and monitor non-HQ teachers in Title I schools yearly. Paraprofessionals meet the current requirements for Title I.	
SWP Development (SWP is developed with involvement of parents and other community members)	Schools survey families and community partners yearly to gather input for SIP/Title I strategies. In addition, EVSC surveys families yearly (My School Survey) and results are provided to schools. Schools work with School Community Councils, parent organizations and families to collect input for the SWP.	In collaboration with the EVSC, Dexter has conducted teacher meetings, a parent meeting, a site council meeting to collect input on the SIP strategies and action plan

Access to SIP (Available to families, staff, community)	public in the fall after submission to IDOE. The SIP document is a living google doc and	Dexter's SIP goals and strategies are communicated to stakeholders through our monthly newsletter. Progress toward SIP goals are also communicated through the school newsletter as the year progresses.	
FACE Activities (Activities that have shown to be effective at increasing family and community engagement in the school, including family literacy programs)	District-wide Parent Engagement: The EVSC FACE Team will work with district and school leadership to inform decisions around family engagement programming and communication with familes. Parents are informed regarding academic assessment results through direct communication including phone calls, texts and emails. The Director of Title I Support provides assistance in planning evidence based family engagement activities that focus on increasing family capacity to support learning at home.		
Coordination of Programs (Developed in coordination with other programs, services and resources)	SIPs are developed in coordination with the district Continuous Improvement Plan as an overarching document which coordinates across mulitple programs. Chief Administrative Officers access other departments, programs and services as needed to support individual school needs.		
Coordination of Funds (Describe how Title I funds will be coordinated with local,state and federal programs)	The Director of Title I Related Grants coordinates use of funds based on the Continuous Imp from Chief Administrative Officers. A federal grants team meets monthly to review alignment

				Title I Funded Positions and SIP Alignment	
Title	FTE	Strategy 1	Strategy 2	Des	cription and Alignment
Mentor Teacher	1			The mentor teacher will provide embedded PD, coach teachers, and model instruction in the classroom.  Mentor teachers receive a \$5,000 stipend for additional time spent outside the classroom and additional responsibilities outside regular contract hours.	
Instructionalist	0.5	<b>V</b>		Part Time Instructionalist will deliver instruction to accelerate achievement and address achievement gaps including small groups, supplemental instructional support, social emotional learning, differentiated and intensive instruction (Rtl support).	
Instructionalist	1	<b>Y</b>		Instructionalist will deliver instruction to accelerate achievement and address achievement gaps including small groups, supplemental instructional support, social emotional learning, differentiated and intensive instruction (Rtl support).	

Principal Signature of Assurance	Date	

- [1] Highlight the root cause findings on the "Self-Assessment" tab, and use the space below to explain your rationale.
- [2] Checkpoint metrics should align to these data sources to allow for frequent progress monitoring.
- [3] What will we look during in consistent, short-term cycles to know our strategy is working?

Reflection: Be sure to consider alignment and intentionality.

Is the determined metric aligned to the baseline, root findings, strategy, goal, and ultimate outcome?

Is it realistic?

Do you need any support from district office to align systems necessary to ensure this measure is continuously easy to access on short cycles?

[4] What will we look during in consistent, short-term cycles to know our strategy is working?

Reflection: Be sure to consider alignment and intentionality.

Is the determined metric aligned to the baseline, root findings, strategy, goal, and ultimate outcome?

Is it realistic?

Do you need any support from district office to align systems necessary to ensure this measure is continuously easy to access on short cycles?

[5] How much do you expect your short-term baseline do grow by the end of your first designated improvement planning cycle? Think in shorter intervals of time than "by the end of the year."

It may make sense for your school to align your cycles to when you will have benchmark data.

#### Example:

- 4.1 of 5 by 10/22/2014 Presenting Instructional Content Indicator (School Walkthroughs)
- [6] How much do you expect your short-term baseline do grow by the end of your first designated improvement planning cycle? Think in shorter intervals of time than "by the end of the year."

It may make sense for your school to align your cycles to when you will have benchmark data.

#### Example:

4.1 of 5 by 10/22/2014 - Presenting Instructional Content Indicator (School Walkthroughs)

[7] How much do you expect your short-term baseline do grow by the end of your first designated improvement planning cycle? Think in shorter intervals of time than "by the end of the year."

It may make sense for your school to align your cycles to when you will have benchmark data.

#### Example:

- 4.1 of 5 by 10/22/2014 Presenting Instructional Content Indicator (School Walkthroughs)
- [8] How much do you expect your short-term baseline do grow by the end of your first designated improvement planning cycle? Think in shorter intervals of time than "by the end of the year."

It may make sense for your school to align your cycles to when you will have benchmark data.

#### Example:
